National Bereaved Parents day

Created by A Child of Mine charity

3 July (and the entire month) is a time to recognise and raise awareness for those parents or carers whom have sadly lost a child (of any age).

Our Bereavement Care team are proud to be aiding this cause by hosting two online support groups - **National Bereaved Parents Support Group**. This will help to bring together those affected by this type of tragic loss and discuss their experiences and coping mechanisms.

To join **National Bereaved Parents Support Group**, scan the QR code below on your smartphone
